

## **Charlotte Küppers**

Charlotte studies Business Administration with a focus on Finance in the last semester of her master's degree at HHU Düsseldorf. To expand her expertise, she worked as a working student for the Boston Consulting Group during her bachelor's degree. Furthermore, she gained working experience at Michael Page as a Recruiting Assistant. Afterwards Charlotte got an impression of getquin, a Berlin-based Fintech startup, during her internship followed by a position as a working student. That is where her passion for topics like entrepreneurship, startups and the fascinating founders behind them started to arise. To familiarize with the perspective of the investors she will do an internship at a venture capital funds that invests in startups at an early stage starting in January 2023. Besides studies and work, Charlotte was a member of Heinrich Heine Consulting e.V. as student consultant to enhance her practical skills even more. Beyond that Charlotte is passionate about playing tennis, doing yoga, pilates and spinning.

## **Anna Striebeck**

Anna is a first-year master student in Business Administration at HHU Düsseldorf. She graduated the bachelor's degree of Business Administration at the same university in summer term 2022 focusing on corporate management such as marketing, management and sustainability behavior. During the bachelor's degree, Anna gained working experience in the controlling and supply chain division through internships at Thyssenkrupp Steel Europe and within a medium-sized company working in water treatment. Currently, she gains further practical experience through her working student employment within the controlling division at Deloitte in Düsseldorf. In her free time, she enjoys spending time with her friends, doing sports and spending time in the nature.

### **Hakan Aymaz**

Hakan is a master student in Business Administration at HHU Düsseldorf, focusing on Corporate Management. He graduated with a Bachelor's degree in International Retail Management and Logistics from the Ruhr West University of Applied Sciences, which included a semester abroad in Bilbao, Spain. In addition to his academic path, Hakan gained practical experience in the Audit Services of KPMG as well as the digital Marketing department of Metro Markets, an E-Commerce Spin-Off of Metro AG. He is currently living out his enthusiasm for digitization topics in his function as a working student in the Data and Digital Platforms practice of the Boston Consulting Group. In his spare time, he seeks balance through sports, especially fitness and martial arts.

### **Fabian Müller**

Fabian is in the final phase of his master's degree in business administration at HHU, specializing in sustainability and finance and accounting. Beforehand, he completed his bachelor's degree at HHU in 2021. Through his work at the sustainability management chair and at an auditing company, he is able to combine valuable theoretical and practical insights regarding sustainability and accounting. Outside of work and university, Fabian enjoys sports such as Inline-Skaterhockey and cycling, and volunteers at an association that teaches financial literacy to schoolchildren.

### **Max Schmidt**

Max is a graduate student at HHU Düsseldorf, majoring in Finance and Competition & Regulation. Prior he graduated from the University of Applied Sciences in Cologne. He was a professional golf coach. During his academic career he gained practical experience through internships and as a working student in areas like management consulting, customer and corporate finance and business development. Furthermore, Max enriched his studies with a semester abroad at the University of Wisconsin Whitewater (USA) with a focus on management. In his free time, Max is avid about stock trading and doing sports, especially golfing and hiking.
